INDEX TO VOLUME 18

A

Abt, Arthur F., and Farmer, C. J., 756
Acetarsone in treatment of syphilis in infants and children, 750
Acetylbetamethylcholine bromide, congenital megacolon treated with, with apparent cure, 579
Actinomycosis treated with sulfanilamide, 805
Addison's disease (*See* Adrenal gland, insufficiency)
Adrenal gland, neonatal cortical insufficiency associated with adrenogenital syndrome, 779
Aldrich, C. Anderson, and Aldrich, M. M., 705
Aldrich, Mary M., and Aldrich, C. A., 705
Alexander, H. E., Craig, H. R., Shirley, R. G., and Ellis, C., 31
American Academy of Pediatrics:
  News, 563, 840
  Proceedings, Ninth Annual Meeting, 128
    Tenth Annual Meeting, 256, 417, 538, 670
di-Amino sulfone glucoside (*See* Promin)
Anderson, E. V., 732
Anemias of infancy, 538 (round table discussion)
Anomaly, congenital, study of relationship between fetal position and, 483
Antistreptolysin (*See* Hemolysis)
Appendicitis and pseudoappendicitis in rheumatic children, 599
Arteriosclerosis, hypertension, and cerebral atrophy in infant, 643
Arteritis, gangrene as a complication of scarlet fever, 242
  primary, among children, 494
    in a 9-year-old child, 793
Artery, calcification of, of an infant, 95
Ascorbic acid, absorption of, in infantile diarrhea, 756
  levels of, in blood plasma of apparently healthy children, 300
Asphyxia, effects of, on newborn infant, 567
Asthma complicated by subcutaneous emphysema in children, 117
Astrowe, Phillip S., Palmerton, E. S., and Henderson, V., 507
Auger, W. J., 162

B

Babyhood, growing out of, 706 (book review)
Baggenstoss, Archie H., and Keith, H. M., 95, 494
Baker, Lenox D., and McBryde, A., 727
Banana diet in treatment of typhoid fever in children, 399
Barenberg, Louis H., Greene, D., and Greenspan, L., 579
Benjamin, Erich, 659
Benson, Reuel A., Witzberger, C. M., and Slobody, L. B., 617
Birth, multiple human, 287 (book review)
Blanchard, Evelyn L., Jeans, P. C., and Satterthwaite, F. E., 170
Blankstein, Samuel S., and Fox, M. S., 629
Blood, coagulation of, hypoprothrombinemia (hemorrhagic disease) of newborn infant, treatment of, 224
  prothrombin in newborn infant, 764
  vitamin K and prenatal and postnatal prevention of hemorrhagic disease in newborn infant, 317
  levels of promin in, in man, 6
  plasma of, levels of ascorbic acid in, of apparently healthy children, 300
  serum, antistreptolysin content of, of normal infants and children, 587
  protein of, concentration of, as guide to treatment of dehydration in diarrheal diseases, 709
  volume of, in normal infants and children, 447
Bones, atrophy of, 638
Book reviews:
  Born That Way, 428
  Cardiac Classics, 705
  Child Psychology From Professional Workers, 287
  Doctor and the Difficult Child, 427
  Feeding Our Old-Fashioned Children, 705
  Growing Out of Babyhood, 706
  Health Education, 705
  Hospital Formulary, 428
  Method of Assessing the Physical Fitness of Children, 427
  Multiple Human Births, 287
  Nursing Care of Patients With Infantile Paralysis, 287
  Pediatric Bibliography, 842
  Physiology of the Fetus, 288
  Schizophrenia in Childhood, 708
  Science and Seizures, 707
  Textbook of Pediatrics, 842
  What Are the Vitamins? 842
  White House Conferences on Children in a Democracy, 287
Born that way, 428 (book review)
Boyd, Julian D., 289

Bradley, Charles, 708
Brain, atrophy of, arteriosclerosis, and hypertension in infant, 643
Branham, Sara E., 217
Bridge, Edward M., Cohen, M. I., and Scott, T. F. McN., 709
Brines, John K., Gibson, J. G., 2nd, and Kunkel, P., 447
Brown, Edward E., and Wasson, V. P., 328
Bruce, Gordon M., 592
Bruch, Hilde, 36
Bruchsaler, Fred S., 317
Byers, Randolph K., 811

C

Capillary fragility and vitamin P, 32
resistance in rheumatic children, 32
Carey, Benjamin W., 153
Carlson, Earl R., 428
Catherwood, Ruth, Stearns, G., Jeans, P. C., and McKinley, J. B., 12
Celiac disease, absorption of vitamin A in, 200
diet in malnutrition and, with special reference to use of dextrose and banana, 12
Cereal, digestibility of, effect of cooking on, 395
Chapple, Charles C., and Davidson, D. T., 483
Chemotherapy and diphtheria, 479
Children, rheumatic (*See* Rheumatic fever, children with)
Cholffin, Mollie, and Thelander, H. E., 779
Chorea, Sydenham's, electrocardiogram in rheumatic fever, 363
Circumcision, wound diphtheria in newborn infant following, 657
Clarke, Eric Kent, and Jensen, R. A., 121
Clemens, Harry H., 524
Clifford, Stewart H., 567
Coe, Meyeron, Reisman, H. A., and DeHoff, J., 793
Cohen, Maynard I., Bridge, E. M., and Scott, T. F. McN., 709
Colon, congenital abnormality of, treated with acetylbetamethylcholine bromide, with apparent cure, 579
Comments, 144, 145, 565
Conant, N. F., Rhodes, P. H., and Glesne, L. R. B., 235
Convalescence, value of care during, for rheumatic children, 737
Cooking, effect of, on digestibility of cereals, 395
Cooper, Merlin L., and Keller, H. M., 458
Craig, H. R., Alexander, H. E., Shirley, R. G., and Ellis, C., 31
Creatine and creatinine metabolism in hypothyroidism, 57
Creatinine and creatine metabolism in hypothyroidism, 57
Critical reviews:
Electroencephalography, 811
Tuberculosis in childhood, 405
Cullen, Glenn E., Holmes, F. E., and Nelson, W. E., 300

D

Danis, Peter E., and Rossen, J. A., 103
Dark adaptation and vitamin A, 170
comparison of two methods of measuring, 195
Davidson, Douglas T., and Chapple, C. C., 483
DeHoff, John, Coe, M., and Reisman, H. A., 793
Development, neural maturation of infant as exemplified in the righting reflex, or rolling from a dorsal to a prone position, 385
Diarrhea, infantile, ascorbic acid absorption in, 756
sulfathiazole therapy in, 469
infectious, chemotherapy of, with sulfathiazole, 732
serum protein concentration as guide to treatment of dehydration in, 709
Dice, Miriam E., and Toomey, J. A., 6
Diphtheria and chemotherapy, 479
wound, in newborn infant following circumcision, 657
Doctor and difficult child, 427 (book review)
Donovan, Thomas J., 518
Dwarfism, renal, 103
Dysentery, experimental, in mice, sulfonamide drugs in treatment of, 458

E

Eckardt, Robert E., and Johnson, L. V., 195
Eddy, Walter H., 842
Electrocardiogram in rheumatic fever, 363
Electroencephalography, 811 (critical review)
Ellis, C., Alexander, H. E., Craig, H. R., and Shirley, R. G., 31
Emphysema, subcutaneous, asthma complicated by, in children, 117
Endocrine therapy and obesity in childhood, 36

F

Fan, Ch'uan, 57
Farmer, Chester J., and Abt, A. F., 756
Faulkner, H. L., and Rosenbaum, H. A., 750
Feeding our old-fashioned children, 705 (book review)
Feet, children's, what is wrong with, 417 (round table discussion)
Felson, Walter, Greenebaum, J. V., and Zeligs, M., 799

Fetus, physiology of, 288 (book review)
position of, and certain congenital deformities, study of relationship between, 483
Fibrinolysin test in rheumatic fever, 357
Fogel, D. H., and Martin, D. W., 516
Formol-gel test (*See* Rheumatic fever, blood in)
Fox, Meyer S., and Blankstein, S. S., 629

G

Gaines, Frances Perlowski, and McEnery, E. T., 252
Gangrene as complication of scarlet fever, 242
Gibson, John G., 2nd, Brines, J. K., and Kunkel, P., 447
Glesne, L. R. B., Rhodes, P. H., and Conant, N. F., 235
Goiter, exophthalmic, treatment of, in children, 71
Goodpasture, Ernest W., 440
Gordon, J. E., and Janney, J. H., 587
Graves' disease (*See* Goiter, exophthalmic)
Greene, David, Barenberg, L. H., and Greenspan, L., 579
Greenebaum, J. Victor, Felson, W., and Zeligs, M., 799
Greenspan, Leon, Barenberg, L. H., and Greene, D., 579
Griffith, J. P. Crozer, 842
Growth, clinical appraisal of, in children, 289

H

Health, education in, 705
Heffer, Ernest T., 363
Hemolysis, antistreptolysin content of sera of normal infants and children, 587
Hemorrhages, intestinal, severe, complicating lobar pneumonia, 524
intraperitoneal, caused by strangulation and rupture of normal ovary in 8-year-old girl, 652
Henderson, Virginia, Astrowe, P. S., and Palmerton, E. S., 507
Hicken, N. Frederick, and Rasmussen, L. P., 652
Hippuric acid liver function test in children, 371
Hirschsprung's disease (*See* Colon, abnormality of)
Histoplasmosis, 235
Holmes, Frederic E., Cullen, G. E., and Nelson, W. E., 300
Hospital formulary, 428 (book review)
Hoyne, Archibald L., and Smollar, L.: 242
Hypertension, arteriosclerosis, and cerebral atrophy in infant, 643
Hypoproteinemia, case of Pick's syndrome as basis of study of, 84
Hypothyroidism, creatine and creatinine metabolism in, 57

I

Icterus gravis neonatorum, favorable end results in, 621
Immunity, period of, in early childhood, 659
Infant feeding, 834 (round table discussion)
newborn, treatment of hypoprothrombinemia (hemorrhagic disease) of, 224
vitamin K and prenatal and postnatal prevention of hemorrhagic disease in, 317
Infantile paralysis (*See* Poliomyelitis)
Infection, acute, promin in treatment of, 1
Intestinal parasites, 268 (round table discussion)

J

Jackson, S. H., Ross, J. R., and Monypenny, D., 395
Janney, John H., and Gordon, J. E., 587
Jeans, P. C., Blanchard, E. L., and Satterthwaite, F. E., 170
—, Stearns, G., Catherwood, R., and McKinley, J. B., 12
Jensen, Reynold A., and Clarke, E. K., 121
Jenss, Rachel M., 427
Johnson, Lorand V., and Eckardt, R. E., 195

K

Keith, Haddow M., and Baggenstoss, A. H., 95, 494
Keller, Helen M., and Cooper, M. L., 458
Kelly, Dennis H., 405
Klein, Irving F., Kohn, J. L., and Schwarz, H., 476
Klein, Reuben I., Levinson, S. A., and Stulik, C. K., 337
Klein, Sylvia, and Rapaport, H. G., 321
Kohn, Jerome L., Klein, I. F., and Schwarz, H., 476
Kove, Simon, and Siegel, H., 764
Kunkel, Paul, Brines, J. K., and Gibson, J. H., 2nd, 447

L

Langmann, Alfred G., 599
Lawson, Robert B., 224
Lennox, William G., 707
Levinson, Samuel A., Klein, R. I., and Stulik, C. K., 337
Liver, function of hippuric acid test in children, 371
Londe, Sol, and Probstein, J. G., 371
Lyday, Joseph H., 473

M

Maddock, Walter G., Power, F. H., and Pedersen, S., 776
Malnutrition (*See* Nutrition, disorders of)
Martin, D. W., and Fogel, D. H., 516
May, Charles D., and McCreary, J. F., 200
McBryde, Angus, and Baker, L. D., 727
McCreary, John F., and May, C. D., 200
McEnery, Eugene T., and Gaines, F. P., 252
McGraw, Myrtle B., 385
McKinley, John B., Stearns, G., Jeans, P. C., and Catherwood, R., 12
McLeod, John H., 210
Measles, treatment of, with convalescent serum and concentrated adult normal serum, 476
Meningitis, meningococcal, experience with, 210, 217
staphylococcal, treated with sodium sulfathiazole, 518
Meredith, Thomas N., Thomas, H. W., and Wunderly, H. L., 638
Mineral and vitamin deficiencies, 128 (round table discussion)
Mitchell, A. Graeme, 842
Monypenny, Doris, Ross, J. R., and Jackson, S. H., 395
Moodie, William 427
Moore, Clyde, and Young, R. H., 248
Mumps, evaluation of convalescent serum in prevention of, 473
Muscle disorders of infancy and childhood, vitamin E in treatment of, 310
dystrophy, progressive, vitamin therapy in, 727
Myocarditis, acute interstitial, in infant, 799

N

National defense and pediatricians, 145
Nelson, Waldo E., Holmes, F. E., and Cullen, G. E., 300
Neuronitis, postvaccinal, 248
Newman, Horatio H., 287
News and notes, 142, 285, 426, 564, 704, 841
Nixon, Norman, 71
Nutrition, disorders of, diet in, and in celiac disease, with special reference to use of dextrose and bananas, 12

O

Obesity in childhood and endocrine treatment, 36
Osteodystrophy (*See* Bones, atrophy of)
Ovary, normal, strangulation and rupture of, intraperitoneal hemorrhage caused by, in 8-year-old girl, 652

P

Palmerton, E. S., Astrowe, P. S., and Henderson, V., 507
Parasites, intestinal, 268 (round table discussion)
Pedersen, Svend, Power, F. H., and Maddock, W. G., 776
Pediatric bibliography, 842 (book review)
Pediatrics and national defense, 145, 691
integration of psychiatric teaching with, 121
textbook of, 842 (book review)
Periarteritis nodosa (*See* Arteritis, primary)
Physical efficiency of children, method of assessing, 427 (book review)
Pick's syndrome, case of, as basis for study of hypoproteinemia, 84
Pneumococcus, rapid typing of, from nasopharyngeal mucus, validity of etiologic diagnosis of pneumonia in children by, 31
sulfapyridine resistance of, following sulfapyridine therapy in infants and children and comparative potency of three chemotherapeutic agents for pneumococci as shown by laboratory tests, 162
Pneumonia, lobar, severe intestinal hemorrhage complicating, 524
treatment of, in infants and children, 153
validity of etiologic diagnosis of, in children by rapid typing from nasopharyngeal mucus, 31
Poliomyelitis, nursing care of patients with, 287 (book review)
Power, Frank H., Pedersen S., and Maddock, W. G., 776
Probstein, J. G., and Londe, S., 371
Promin, attempts to produce urinary concretions in monkeys with, 10
in treatment of some acute infections, 1
levels of, in blood in man, 6
Prothrombin (*See* Blood, coagulation of)
Psychiatry, teaching of, integration of, with pediatrics, 121
Psychology, child, doctor and difficult child, 427 (book review)
for professional workers, 287 (book review)
following the hypochondriacal child for a decade, 528

R

Rapaport, Howard G., and Klein, S., 321
Rapoport, Milton, and Rubin, M. I., 643
Rasmussen, L. Paul, and Hicken, N. F., 652

Reflex, righting, neural maturation of infant as exemplified in, or rolling from dorsal to prone position, 385
Reisman, Henry A., Coe, M., and DeHoff, J., 793
Resistance (*See* Immunity)
Rheumatic fever, blood in, fibrinolysin test in, 357
children with, appendicitis and pseudoappendicitis in, 599
capillary resistance in, 328
electrocardiogram in, 363
of childhood, formol-gel test during, 337
value of convalescent care for children with, 737
Rhodes, P. H., Conant, N. F., and Glesne, L. R. B., 235
Richards, Esther Loring, 528
Rickets, renal (*See* Dwarfism)
Roach, Frederick E., and Toomey, J. A., 1
Rosenbaum, Harold A., and Faulkner, H. L., 750
Rosenstein, J. L., 657
Ross, John R., Monypenny, D., and Jackson, S. H., 395
Rossen, Julius A., and Danis, P. G., 103
Round table discussions:
Anemia of infancy, 538
Infant feeding, 834
Intestinal parasite, 268
Vitamin and mineral deficiency, 128
Vitamins from standpoint of practicing pediatrician, 670
What's wrong with my child's feet? 417
Rubin, Mitchell I., and Rapoport, M., 643

S

Sadler, Lena R., and Sadler, W. S., 706
Sadler, William S., and Sadler, L. R., 706
Satterthwaithe, Franklin E., Jeans, P. C., and Blanchard, E. L., 170
Scarlet fever, gangrene as complication of, 242
Schizophrenia in childhood, 708 (book review)
Schoffman, William F., 399
Schwarz, Herman, Kohn, J. L., and Klein, I. F., 476
Science and seizures, 707 (book review)
Scott, T. F. McNair, Bridge, E. M., and Cohen, M. I., 709
Shirley, R. G., Alexander, H. E., Craig, H. R., and Ellis, C., 31
Siegel, Henry, and Kove, S., 764
Skinner, H. H., 117
Skull, fracture of, in children, and sequelae, 629
Slobody, Lawrence B., Benson, R. A., and Witzberger, C. M., 617
Smollar, Leo, and Hoyne, A. L., 242
Sobel, Irvin Philip, 621
Sodium chloride replacement therapy, tetany following, 776
Stadler, Harold, and Stinger, D., 84
Stearns, Genevieve, Jeans, P. C., Catherwood, R., and McKinley, J. B., 12
Stevenson, Jessie L., 287
Stimpert, Fred D., 429
Stinger, Dorothy, and Stadler, H., 84
Stone, Simon, 310
Stovarsol (*See* Acetarsone)
Stulik, Charles K., Klein, R. I., and Levinson, S. A., 337
Sulfanilamide, actinomycosis treated with, 805
derivative in treatment of experimental dysentery infection in mice, 458
sulfapyridine resistance of pneumococci following sulfapyridine therapy in infants and children and comparative potency of three chemotherapeutic agents for pneumococci as shown by laboratory tests, 162
sulfathiazole, chemotherapy of infectious diarrhea with, 732
therapy in infantile diarrhea, 469
Sulfapyridine (*See* Sulfanilamide derivative)
Sulfathiazole (*See* Sulfanilamide derivative)
Syphilis, acetarsone in treatment of, in infants and children, 750

T

Takacs, William S., 10
Taran, Leo M., 737
Taylor, Grant, 469
Teagarden, Florence M., 287
Test, fibrinolysin, in rheumatic fever, 357
formol-gel, during rheumatic fever of childhood, 337
hippuric acid liver function, in children, 371
Tetany following sodium chloride replacement therapy, 776
Thelander, H. E., 479
—, and Cholffin, M., 779
Thiamin, urinary excretion of, in normal children, 617
Thomas, Henry W., Meredith, T. N., and Wunderly, H. L., 638
Tongue-tie in infants and children, 252
Toomey, John A., and Dice, M. E., 6
—, and Roach, F. E., 1
—, and Takacs, W. S., 10
Tuberculosis in childhood, 405 (critical review)
Typhoid fever, banana diet in treatment of, in children, 399

U

Urinary concretions in monkeys, attempts to produce, with promin, 10

V

Vaccine, oral typhoid-paratyphoid, 516
Vaccinia, neuronitis after, 248
Virus disease and eye in childhood, 592
  laboratory phases of, 429
  pathology of, 440
Vitamin and mineral deficiencies, 128 (round table discussion)
  A, absorption of, in celiac disease, 200
  and dark adaptation, 170
  E in treatment of muscle disorders of infancy and childhood, 310
  K and prenatal and postnatal prevention of hemorrhagic disease in newborn infant, 317
  in newborn infant, 507
  P and capillary fragility, 321
  therapy in progressive muscular dystrophy, 727
Vitamins from standpoint of practicing pediatrician, 670 (round table discussion)

W

Wasson, Valentina P., and Brown, E. E., 328
White House conference on children in a democracy, 287 (book review)
Windle, William F., 288
Witzberger, C. Michael, Benson, R. A., and Slobody, L. B., 617
Wunderly, Harry L., Thomas, H. W., and Meredith, T. N., 638

Y

Young, Richard H., and Moore, C., 248

Z

Zeligs, Mendel, Greenebaum, J. V., and Felson, W., 799
